

MISSING

HELP US LOCATE THESE TREASURED NEWSPAPER PAGES

The Yates County History Center has been imaging the original newspaper pages of the Penn Yan Democrat, Penn Yan Express, Yates County Chronicle and Chronicle-Express. We have converted these images to searchable PDF files. These files can now be searched for people, places and events at the History Center and on the New York State Historic Newspapers internet site at <http://nyshistoricnewspapers.org/>.

Although over 130,000 newspaper pages have been imaged, we have gaps in our coverage. We want concerned people and organizations to know of these gaps and to help us locate the missing treasures. We will then ask the holders of these pages to lend them to us for imaging. We are interested even if you know of only a few missing issues.

The years that have missing issues for each of the four newspaper titles are listed in the pages that follow.
